**LAYF = *Leadership at Your Fingertips*

Community focus

Community Characteristics
Community engagement

Know your community:

- Local governments & services
- Community service organizations
- Public safety and health
- Education

Some current issues:

- Water and waste water
- Solid waste
- Land use
- Approval processes
- Electrical cutoffs
- Traffic
- Tourism
- Emergency preparedness/response
- Economic diversification
- Unfunded liabilities

***Team projects

Participants will choose a community service project based on the current community issues. Each project selected will have a team assigned to it to study the issue (in Module #4) and prepare a report with recommendations to be presented at the commencement ceremony. Each project team will also report on what they learned about working together, and what they plan to do as follow-up.
